

# A PORTRAIT OF LAW

AN INTERPRETATION OF THE LAW BY FOUR NEW ZEALAND PHOTOGRAPHERS

'A Portrait of Law' is an exhibition commissioned by the law firm Buddle Findlay, in association with Queen Elizabeth Arts Council. The juxtapositions of the Law and the Arts form the basis of this exhibition of photographs by four New Zealand photographers, highly respected for their work.

Each Artist has been given a fee and the freedom to interpret this subject in an individual way.

The City Gallery in recognising the importance of the subject of this exhibition and the calibre of Artists,

will host and promote this exhibition to a wider community during the five week exhibition period. In acknowledging the value of discussions and evaluations with any exhibition, the Gallery Education section has assembled a programme of lunch time forums which attempt to address some of the aspects which relate to the Arts and the Law.

An exhibition catalogue and poster will be available for purchase.
