Draw a picture postcard of a special place inspired by Christina Pataialii's dream-like paintings full of childhood memories.

1. Think of a special place to picture. Is it real, remembered or imagined? Is it where you are now or where you would like to be?
2. Cut paper or card into a postcard shape.
3. Use paints, pencils, pens, or crayons to picture your special place on the front.
4. Write a description of your special place on the back.

Who would you send  
your postcard to?
